PAYMENT POLICY

Michigan Memorial Funeral Home, Inc. has established a uniform payment policy to serve all families fairly and to prevent misunderstandings. This payment policy enables us to contain our costs to all the families we serve.

Our policy requires that all financial arrangements must be completed prior to the setting of services or viewing times. Payment for our merchandise and service is due one full day before the service time or use of our merchandise or property. ***Note****: Michigan Memorial Funeral Home, Inc. may be referred to as MMFH hereafter. Michigan Memorial Park may be referred to as MMP hereafter.*

THE FOLLOWING ARE ACCEPTABLE PAYMENT ARRANGEMENTS

1. Cash or check. (Checks are subject to electronic funds verification). Third party checks are **NOT** acceptable.
2. VISA, MasterCard, Discover or American Express.
3. Assignable insurance, for the face value of the policy only, once the insurance company has verified the assignability and beneficiary. Policies under two years old are generally contestable and are not acceptable. When acceptable insurance has been assigned, a monthly statement may be sent to the purchaser until payment is received from the insurance company. When payment is received, a statement may be sent showing the amount, date, and paid in full or new balance due. The normal processing time for a policy is 4 to 6 weeks.

Michigan Memorial Funeral Home **does not accept future payments from "Estate Funds".**

An Open Letter

For many years the funeral industry has done a very good job of keeping its customers confused about what their options are and how one funeral home may meet their needs better than another. This has led many people to believe that all funeral homes are the same, or that all funeral homes charge the same price.

As a fourth-generation funeral director, I have seen and heard many things over the course of my career that have caused me great concern. There are **5** things, listed below, that the funeral consumer should be aware of.

DID YOU KNOW?

- If you have already prearranged your funeral, you can transfer it to another funeral home, possibly, at a cost savings.
- If you're choosing cremation, you should insist on a tour and inspection of the crematory being used
- Every funeral home *must* provide you with a General Price List of all services they provide, upon request and upon visit to the funeral home. You may request an outer burial container or casket price list as well.
- It is important for all funeral homes to be able to compare what they offer and stand behind the price that they charge.
- That you can shop and compare funeral homes to choose the one that best fits your tastes, needs and budget. If the funeral home you have always used hasn't kept up with the times, it may be time to consider a change.

It is important to remember that we work for you. Michigan Memorial Funeral Home is open for your inspection seven days a week. We welcome you to stop in. If you would like to schedule an appointment, you can call me at (734) 783-2646. Thank you.

Sincerely,

Daniel P. Dwyer
President

The prices for those items will be shown on your bill or the statement describing the funeral goods and services you selected.

Embalming $995

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. Michigan law ***does,*** however, ***require*** embalming in cases such as when certain infectious diseases caused death, or when the body isn't taken to its destination (cemetery, crematory, medical school or other) within 48 hours. If a delay is caused by other than Michigan Memorial Funeral Home (i.e. medical examiner, doctor, hospital, family, etc.) it is deemed selected and authorized, and it will be charged for.

Ref. MI Public Health Rules R325.1142 Rule 1 and Rule 2

Laws Concerning the Timing of Embalming, Final Disposition, and Funeral Establishment Inspections (Published June 26, 2018) The Occupational Code and its mortuary science administrative rules govern the practice of embalming, funeral directing, and mortuary science in the State of Michigan and are administered by the Department of Licensing and Regulatory Affairs, Corporations, Securities & Commercial Licensing (the Department). Additionally, portions of the Public Health Code along with its associated administrative rules and the Michigan Penal Code contain provisions on the proper handling, custody, care, and transportation of a dead human body. Section 1810(h) of the Occupational Code, MCL 330.1810(h), states that a person is subject to penalties under the Occupational Code for violating any of these provisions as well as any applicable municipal or county ordinance affecting the handling, custody, care and transportation of a dead human body. The purpose of this Bulletin is to alert licensees and the public to the various statutory provisions and administrative rules surrounding the issues of embalming, the final disposition of a dead human body, and the Department's inspection of licensed funeral establishments. When is embalming necessary? **The Occupational Code prohibits a person from obtaining possession of or embalming "a dead human body without first being expressly directed or authorized to do so by a relative of the deceased person or other person entitled to custody**." MCL 339.1810(1)(k). **However,** administrative rules promulgated under the Public Health Code require that a dead human body be embalmed before being transported or before being accepted for transportation when the cause of death was "diphtheria, meningococcal infections, plague, poliomyelitis, scarlet fever, or smallpox." **Michigan Admin Code, R 325.1(1)**. If the cause of death is anything other than one of these enumerated conditions, **embalming is also required if the body is to be transported more than 48 hours from the time of death** and the body is not addressed to the demonstrator of anatomy of a medical college or for other demonstration purposes. **Michigan Admin Code, R 325.2.** Therefore, **once 48 hours has passes from the time of death, an un-embalmed body cannot be transported, unless the above exception exists**. It is important that licensees consider these timeframes and requirements when agreeing to take possession of a dead human body. While section 2848(1) of the Public Health Code, MCL 333.2848(1), states that a funeral director has 72 hours after death or the finding of a dead body to obtain authorization for the final disposition, the requirement to embalm if the body will not reach its place of final disposition within 48 hours of death may require obtaining the necessary approvals within this shorter timeframe.

Selecting a Funeral Home – It's All About You

Deciding for a funeral is a naturally difficult process; don't let a funeral home make it worse. Choosing your funeral home should be done with care and consideration. You shouldn't feel obligated to select a funeral home that doesn't meet your standards simply because your family's funerals have always been held there, or, because it is the closest to your home. A funeral is a life event, much like a wedding. Don't settle for anything that doesn't provide the value that you are entitled to.

Why Select Michigan Memorial Funeral Home?

Because at Michigan Memorial Funeral Home our philosophy is simple – *You* are our guest. For *you* we provide the following:

- A beautifully appointed, first-class facility capable of hosting small services to those more than 400 people.
- **Crematory** on-site (owned and operated by Michigan Memorial Park, Inc.)
- A **private viewing room** to spend time with a loved one before the cremation takes place without the need to purchase or rent a casket.
- **Catered receptions** for up to 150 guests, with or without full bar service.
- **Comfortable lobbies** with several seating arrangements that allow you a place to relax or have a cup of coffee in front of one of our fireplaces.
- Creation of a **Memorial Tribute DVD** to be played at the funeral home and given to you as a keepsake.
- **2 large coffee and food lounges**. Coffee and hot chocolate are provided at no cost, and we encourage you to bring food. Food has always been central to life's events and a visitation and funeral are no different. Because of this, our lounge is open to you and your guests for as long as you are here. When you're done, we'll clean up. That is our job because you are our guest.
- **An on-site, full-service flower shop** to handle all of your immediate floral needs, as well as cemetery flowers and wreath placement into the future. The flower shop also provides you and your guests a place to order "last-minute" tribute items such as flowers, plants and sympathy cards
- A complete line of **keepsake memorial** products in our resource center and floral shop.
- **Specialty hearses**. We offer both ***Cadillac*** and ***Lincoln*** hearses, but we know those are not always the most suitable transportation choices. So, we also offer both **black** and **white horse-drawn hearses, a military caisson** and a **customized Harley-Davidson Road King motorcycle hearse**. These vehicles allow a unique avenue to express an individual's personality and are available both on and off our property.
- If you are using **Michigan Memorial Park**, we use a **private road** that connects our funeral home to it. This allows for a formal and respectful funeral procession without the worry of navigating our increasingly dangerous roads.
- **An open mind**. If there is something that you need, ask us. Because, you are not an imposition, you are our guest.

And THAT is what separates us from all the other funeral homes.
